### **University Recreation**

## Natatorium Reservation Information and Application for <u>Individuals</u> and <u>Small Events</u>

Thank you for your interest in hosting an event in the University Recreation Natatorium. Applicants must submit this application and applicable forms at least 10 University working days before the event. Requests will be reviewed and individuals responsible for coordinating the event will be contacted regarding the status of the request, as well as pertinent instructions regarding policies and procedures affecting the proposed event.

## Part 1: General Information (to be completed by applicant)

#### Part 4: General Information, Terms, and Conditions of Reservation

#### Facility availability and cancellations

Requests are subject to availability in cooperation with both University Recreation and University of Arkansas Swimming and Diving programs. University Recreation reserves the right to determine the usability of facilities. University Recreation may postpone, interrupt, or cancel the event due to severe weather, facility evacuations, unforeseen maintenance issues, or other circumstances beyond control. If the event is cancelled by University Recreation, we will make a reasonable effort to reschedule. Rescheduling and refunds will not be granted to users that fail to show for a reserved event.

A \$25.00 cancellation fee will be charged for cancellations made within 7 days of a scheduled event. Cancellations made with less than two business days' notice will be invoiced the full amount owed plus the cancellation fee. Groups that fail to show up for a scheduled event will be invoiced the full amount owed and reservation privileges may be revoked. Groups that fail to pay or have a returned check will be prohibited from using any UREC facility until payment is received in full.

#### Participant rules and behavior

All participants are subject to Natatorium and HPER Building rules and regulations (posted in the Natatorium, available in the UREC Facility Operations Handbook at urec.uark.edu). UREC staff may enforce such rules and may stop any activity deemed unsafe.

### **Supervision**

Direct supervision of group members must be maintained at all times while the group is in and/or near the water. This means that a group leader shall be physically present with the group and in a position where the Supervisor can see, hear, direct and assess the activities of the group. Please keep in mind that lifeguards are present to help, to enforce rules and regulations, and to respond to emergencies. They have more than just one person to watch over. Please do your part in regulating your group's behavior so that our lifeguards can concentrate on the water rather than behavior issues. Minors are not permitted to be unattended.

## **Personal Belongings**

UREC strongly encourages all members and guests not bring valuables into the facility to prevent loss or theft. UREC assumes no responsibility for lost or stolen items. Personal belongings may be stored in lockers with UREC-issued locks, or in the day lockers located in the level 2 hallway outside of the men's locker room.

#### **Part 5: Required Documents**

All participants must fill out and sign either the Waiver of Liability form, or the Waiver of Liability for Minors form (attached). Forms may be turned in to UREC staff before the event, or may be collected by UREC staff during the event.

#### Office Use Only:
